The facts of the case
are briefly as follows:—

Plaintiff is the land
San Antonio and San Antonio
is the land or village

and villages in the
San Antonio State. In
consequence of a dispute which
arose between the two parties,
in regard to the right of
collecting contributions from

the share enjoyed by each
of them - Mr. Marshall
the Asst Commissioner, to whom
the above petition was referred
for enquiry, after examining the
necessary accounts & reported
that the Dividends enjoyed
by the Plaintiff and defendant
amounted to Rs 12-10-0 and
Rs 20-5-0 respectively but
that the main lands (valued
at 8 Pighas and 4 Tanams)
had been enjoyed ^{by them} in equal
shares. The Asst Commr
suggested that it could be
arranged in the interests
of the defendants to apportion
the villages in the proportion
of $\frac{4}{5}$ and $\frac{1}{5}$ respectively
as this arrangement would,
in his opinion be equivalent
to the Dividends actually
enjoyed by them - He

The Deputy Commissioner, after personally examining the parties and the records in the case, observed that the entries made in the King's Register (produced by Plaintiff) were not quite reliable as he never certified so much of the Case as was shown in the said Account and decided that the Amount should be divided equally between the two parties. He also decided that the succession arising from the interference of the two Strangers in a village and to preserve the respect of both, Mr. Arden Engel formed the imaginary village into 2 groups and allotted No. I to Plaintiff and No. II to Defendant.

3. Plaintiff appeared to
the Commissioners of Land
against the above decision

4. The Deputy Commissioner,
to whom the petition was
referred for report, explained
the case as above stated
and added that he authorized the
apportionment of the villages
in pursuance
of the Chief Commissioner's
Ruling.

The Deputy
Commissioner
has been
informed
of the
above.

5. Colonel Purse passed
the following order:-

The share held by these
Shambhans respectively in the
Inam land is undoubtedly
the best guide. As regards
the other endowments to
which they were originally
entitled, therefore the Dy
Commissioner should so
arrange as, in dividing the

(5)

villages, to equalize their
income from the taxes.
He has indeed praised the
man who formerly had the
strong and reduced the
one who had most - a
more equal division than
this cannot be practicable
and the arrangement should
at once be rectified and a
more equal distribution of
the villages should be
carried out."

6. The Dy. Commissioner
reported the Dy. Commr
(Mr. Abbotson) to submit a list
list of villages, prepared with
reference to the foregoing
orders of the Commissioner.

7. The statement furnished
by the Dy. Commr
was submitted to the Dy. Commr
of the Dy. Commr by Mr. Dy. Commr
with a remark that as

Plaintiff did not give his consent to the division of the villages as now revised, it should be enforced.

8. Colonel Pearce approved of the last arrangement as being equitable.

9. Plaintiff filed a revision petition but it was rejected ^{by the Commissioner} on the ground that the case was decided after full consideration.

10. Plaintiff now appeals to the Chief Commissioner on the following grounds:-

(1) That the Revenue Office in question together with the Revenue Office situated there ^{was} by himself and his ancestors from time immemorial.

(2) That when the system of Battaya cultivation came to force in the day of Pottaya of Kuchikhalapur, one of the ancestors of Pottaya

The Commissioners suggested
that as the Duties there

would be preferable, it seems
that the Duties and Pricks
held the office jointly, to
divide the charges between

making responsible for the

The Commissioners of

ment proposed by the

where it could be carried out

objection on the part of the

(i) When the Sikh
Shanbegs can be utilized
for village service in consequence
of there being no village or

arise in which the Sikh

present requirements. If
these officers were of recent
creation, they might, like
Anderson think, be dismissed
but from the Supt's report
it appears that these
Sikh Shanbegs are of

be turned to no account

Sir -

With reference to the
Revenue Secretary's Memo. No. 6334
dated 27th January last, forwarding
for report a petition from
She'shagiri Rao, son of Ramappa,
residing at, Bichahalli, Chikhal-
pur Taluk, I have the honor to
state as follows:-

2. The original records of the
case show that the petitioner's
father Ramappa, who was the
Sethala Shanbof of Gandigana-
halli, Suddihalli, and Bichahalli,
died in November 1874, and his
eldest son Govinda Rao, who
was employed in the Public Works
Department filed an application
in the Taluk for the Shanbof-
ship being registered in the
name

name of his brother (the petitioner)
 who was then a minor, and for
 permission to appoint a fardaste
 to conduct the duties during the
 latter's minority. In the meantime,
 Venkatarayanappa, a Sarkar Shambhog,
 applied to the Amildar to permit
 him to do the duties of the deceased
 till the petitioner attains his majority
 on the ground of his being the Sarkar
 Shambhog of these and other villages.
 The Amildar reported the matter
 for the orders of the Deputy Commis-
 sioner who required further informa-
 tion regarding the duties and emolu-
 ments of the Sarkar and Shikah
 Shambhogs. But it appears that
 the Amildar submitted no reply
 to this reference and Venkatarayan-
 pa continued to officiate as
 Shikah Shambhog for some
 years.

B. In 1876, a dispute arose between

Venkatarayanappa,

Memorandum.

Read English correspondence ending with the Divan's order No. 2601 dated 27th June 1881.

Read Vernacular record on the Shambhoj of the Nilavara wanka, Chikballapur Taluk, ending with the Amildar's report No. 57 dated 21st April 1881.

The parties are all before me, and have been heard.

Order.

The Wanka consists of 7 villages, viz.

- (1) Nilavara,
- (2) Mailappanahalli,
- (3) Gangiganaahalli,
- (4) Bachahalli,
- (5) Suddahalli,
- (6) Kurubarahalli,
- (7) Jadi' Vinmanahalli.

There were 2 Shambhojs for the Wanka, viz. 1 Sarkar Shambhoj represented at present by Venkatarayappa, son of Kaimappa, and one Tal Shambhoj represented by (1) Krishnappa, and (2) Sheshagiri Reddy. It became necessary to divide the villages among the parties, in order to avoid the same village having 2 Shambhojs. Under the order of the Chief Commissioner,

an

an inquiry, was instituted, and the late Assistant Commissioners, Mr. Munnaji, thought the claim of the Etal Shambhoj, was superior, in that his emoluments were greater than those of the Sarkar Shambhoj. The late Deputy Commissioner, however, found that the amount of emoluments recorded in the Register of 1861-5 were fictitious, and that the amount of inam land enjoyed by each party should be considered the best guide. This principle was also accepted by the Commissioners of the late Land Revenue Division, vide order No. 64 dated 18th August 1876.

2. The Etal Shambhoj's inam is the same as that of the Sarkar Shambhoj. Hence Mr. Krishnaji divided the villages as below, in 1876.

Sarkar Shambhoj	Revenue	Etal Shambhoj	Revenue
1. Mailappurath	765 12	1. Kalavara	95 9 6
2. Buddahalli	480 10	2. Gantigantur	334 11
3. Karubath	274 9	3. Bachahalli	73 4
4. Jada Simmanur	9		
	1293 12 7		1387 8 7

3. Shashaji Rao is undoubtedly entitled to

(37) to $\frac{1}{2}$ of the Stal Shambhoj. He is descended from the same Shambhoj ancestor as Krishnappa, to whom the division of 1876 allotted the above 3 villages. I agree with Mr. Krishnappa in disbelieving the correctness of the enrolments entered in the Register of 1864-5. It is quite notorious that that Register was prepared at high pressure by the Shambhojs themselves, who hoped to magnify their receipts by entering what they fancied they were entitled to. The inam basis is undoubtedly the best.

4. I hold therefore that in the Vanni in question, the latter Shambhoj is entitled to $\frac{1}{2}$, while the Stal Shambhojs are entitled to the other moiety. Krishnappa and the Petitioner Sheshajirao should therefore each get a quarter of the vantu.

5. But it is impossible to equally divide the Stal $\frac{1}{2}$ above shown. One village has a bing of Rs 907, while the 2 others barely make up one-half of it. Brachinalli must fall to Sheshajirao and

Shara

Share, as he lives in it. I therefore -
 allot the villages as follows:-

1. Shal Krishnaappa - - - - - Talavara 757-9-5 2. as 1

2. Sheshayiti Kar (1) Bichahalli 75-4-4
 (2) Biddahalli 180-1-10
 (3) Kurubari 27-14-9
 (4) Jadedim 19-...-...
 -mankhalli

V. Sankar Venkataragappa (Mairajpur 766-12-...
 -halli

2. Gandiganaf
 -halli 354-11-1
 121-7-1

6. It is impossible to make any other
 appropriate and equitable division.
 It is contended that No. 1 is entitled to 2
 shares, and No. 2 to 1 share in the share money,
 but I cannot recognize the claim of No. 1
 to the share of another branch of the
 family, which is not a possession.

7. Copy of this order should be sent to
 the Kivan for information, with
 reference to the order quoted above.

*Proceedings of the Chief Commissioner of Mysore, Department of Revenue,
Agricultural and Commerce, 30th October 1874.*

5
MEMORANDUM BY THE SURVEY AND SETTLEMENT COMMISSIONER
OF MYSORE, NO. 1569, DATED POONA, 12TH OCTOBER 1874.

The following correspondence is submitted for the orders of the Chief Commissioner.

2. It appears that in the Doderi taluk, 14 amani shanbhogs are kept up on pay varying from Rs. 2-7-0 to Rs. 1-3-0 a month, the total cost being Rs. 348-5-0 a year. The employment of these men appears to date probably from the time of Dewan Purnaiya; their offices are stated to be now not hereditary. Their duties appear to be of a miscellaneous nature; six remain with the hobli shekdars to assist them in writing reports; it is well known that ability to write is not by any means an universal qualification among the shekdars, though doubtless it is intended to be so; the other eight appear to be employed in the District head-quarter catcherry where their presence can hardly be necessary.

3. The services of these men are either not required, or if required should be properly remunerated. Men do not serve for Rs. 1 and 2 a month alone; they have no other source of legitimate income, it must be therefore presumed that they find an equivalent for their services from some other unrecognized and illegitimate source.

4. I would suggest that the services of these 14 amani shanbhogs be at once dispensed with, giving each man a gratuity of three months' pay, and a register be kept of the names and qualifications of any of them fit for employment as officers in case of any vacant places having to be filled up and no qualified person being found among the Vatandari shanbhogs.

5. From the last para of the Nagar Commissioner's letter of the 17th November 1873, it would appear that similar lowly-paid officials exist in other taluks, it might be advisable to ascertain if this is the case. None have been before met with in settled taluks as far as I am aware.

*From the Superintendent, Revenue Survey, Mysore, to the Survey and Settlement
Commissioner of Mysore, No. 327, dated Dharwar, 11th November 1873.*

I have the honor, with reference to your Memo No. 1577 of the 9th October 1873, to submit the report originally called for in your letter No. 1239 of the 16th August 1873.

2. I have received from the Amildar of the Doderi taluk an old statement, prepared in A.D. 1802-3, probably by the orders of the Dewan Purnaiya, although it is not easy to make out the seal on the document. The statement in question shows the name and pay of certain Government servants in the taluk sub-division, but it is of no use in helping to identify the appointment of the nine sarkari shanbhogs now employed in the revenue work of the Doderi taluk. I have, however, obtained from the Amildar information to the following effect:—

- (1) The appointment of the nine shanbhogs in question was originally made under the orders of the Superintendent of the Division, but the orders are not now forthcoming.
- (2) Their pay ranges from Rs. 1-3-0 to Rs. 2-7-0 per mensem.
- (3) There is one of these shanbhogs to each magai, and his duty is to make the goshwar of the magai from the village returns sent in by the village shanbhogs.
- (4) The shanbhogs employed in the District Office are supposed to be employed in work connected with the accounts of the Doderi taluk, when received in the district.
- (5) The whole of the nine shanbhogs are included in the taluk baravard, the pay of those residents at the District-head-quarters being remitted to them when drawn.
- (6) Of the whole nine there are now only two who were the original incumbents, the remaining seven having been appointed from time to time by the District Superintendent.
- (7) In the case of an appointment becoming vacant through death or other cause, the vacancy is filled up by the appointment of one of the family of the late officiator, but only in case of his being fit for the work, due qualification being the first consideration.

3. I have not obtained from the Amildar any information regarding the qualifications of the present incumbents; this information might be more satisfactorily obtained by the Deputy Commissioner.

4. The shanbhogs under report are, so far as I can ascertain, not at all required, as the duties supposed to be performed by them can easily be performed by the regular establishment.

*Proceedings of the Chief Commissioner of Mysore, Department of Revenue,
Agricultural and Commerce, 30th October 1874.*

5. I contemplate visiting the Chitaldrug district, at no very distant date, when, should you consider it necessary, I can make some further enquiries in conjunction with the Deputy Commissioner.

From the Survey and Settlement Commissioner, to the Superintendent, Revenue Survey, No. 1831, dated Poona, 14th November 1873.

Captain Grant is requested to report further regarding these shanbhogs after visiting the district. The main point for the future is, to what purpose can these people be turned. Captain Grant will consult with the Deputy Commissioner regarding this; they might be useful if qualified to fill vacancies in taluk establishment, the hereditary tenure being abolished, or they might be employed perhaps as shanbhogs when additional officers are necessary.

From the Superintendent, Revenue Survey, to the Survey and Settlement Commissioner of Mysore, No. 557, dated Camp Serah, 30th November 1873.

With reference to your Memo No. 1881 of the 14th November 1873, and my letter No. 827 of the 11th * idem, I have the honor to forward herewith copies of the marginally noted further correspondence on the subject of the sarkar shanbhogs of the Doderi taluk.

* Herewith returned Chitaldrug Deputy Commissioner's No. 535 of 4th November 1873.

Nagar Division Commissioner's No. 478 of 17th November 1873.

From the Officiating Deputy Commissioner of the Chitaldrug District, to the Officiating Commissioner of the Nagar Division, No. 535, dated Chitaldrug, 4th November 1873.

Adverting to your Docket No. 335, dated 11th ultimo, requesting an explanation regarding the shanbhogs alluded to by Colonel Anderson, in para 5 of his letter to the Secretary to the Chief Commissioner, No. 1237, dated 16th August 1873, I have the honor to submit the following report.

II. From a reference to the "Faisalati accounts" of the year Randri (1860-61, as well as), from the report of the Acting Amildar of Doderi, No. 604, dated 10th ultimo, it is understood that there are 14 "Amani" shanbhogi offices in that taluk, whose monthly salary varies from Rs. 2-7-0 to Rs. 1-3-0. The total monthly pay of these 14 shanbhogs is Rs. 29-0-5 which amounts to Rs. 348-5-0 per annum. These offices are reported to have been in existence since the time of the "Pallegars," and to have been hereditary for some time, but afterwards they discontinued to be so.

During the year 1853, a question having arisen as regards the existence of these minor officials, Colonel Dobbs, then Superintendent of the late Chitaldrug Division, passed an order No. 302, dated 19th January 1858, directing that they might be kept up and that they should be posted as follows:—

Six men to remain with the six hobli shekdars and assist them in writing out reports, &c., as also to prepare abstracts of the accounts received from the village shanbhogs, and submit them to the taluk cutcherry.

Three to be "Mutsaddis" under the "Kotvals" at Sanekere, Challakere and Tallak on the Bangalore-Bellary road.

Four to be incorporated with the village shanbhog offices, and these men were to receive the Government pay as well as aya from raiyats.

One to remain in the taluk cutcherry for assisting in writing business.

III. The abovesaid arrangements appear to have been since altered, and now these officials are doing duty as herein undermentioned:—

Six men are employed in the taluk cutcherry generally in assisting the taluk munshi, Nagadi and Revenue Gamastas in their respective duties.

Six men are employed in the six shekdar hobls; some being as well village shanbhogs, write their accounts and some assist shekdars.

Two men are employed in the District head-quarter cutcherry in writing registers, &c.

IV. None of these officials have any fixed duties to perform, but they are employed on any duty connected with accounts and registers.

From the Officiating Commissioner, Nagar Division, to the Superintendent of the Mysore Revenue Survey and Settlement, No. 478, dated Camp Devikere, 17th November 1873.

Referring to para 5 of Colonel W. C. Anderson, Survey and Settlement Commissioner's letter

* No. 535 of 4th November 1873.

No. 1237, dated the 16th August last, to the Officiating Secretary, I have the honor to enclose copy of * communication received from the Officiating Deputy Commissioner of the Chitaldrug District, on the subject of these shanbhogs, and to observe that I presume the matter will be taken up and settled by your Department.

*Proceedings of the Chief Commissioner of Mysore, Department of Revenue,
Agricultural and Commerce, 30th October 1874.*

2. The anomaly alluded to would not appear to be singular, regards the Dodari taluk alone, inasmuch as instances will be found of the same practice in other parts of the Province.

Memo by the Survey and Settlement Commissioner, No. 842, dated 17th May 1874.

These papers are returned to Captain Grant, with a request that after he has visited the taluk, he will report on the use these men can be applied to.

From the Superintendent, Revenue Survey, to the Survey and Settlement Commissioner of Mysore, No. 730, dated Dharwad, 7th October 1874.

With reference to your Memo No. 842 of the 17th May 1874, I beg to report that the services of the extra shanbhogs of the Dodari taluk, alluded to in the correspondence herewith attached, cannot be utilized as village shanbhogs when additional officers are required for the reason that the hereditary village shanbhogs will undoubtedly desire to appoint these additional officers from their own families.

2 I would suggest that the services of these shanbhogs should be dispensed with and a list kept of their names and qualifications, with a view to their services being utilized should any vacancies occur in the redistribution of charges.

NO. 5527—REV. 349, DATED BANGALORE, 30TH OCTOBER 1874.

ORDER THEREON. - It is clear from the foregoing letter that the 14 "Amani" shanbhogs therein referred to are not required under the revised scheme of village servants, and the Chief Commissioner accordingly directs that their services be at once dispensed with on payment of gratuity amounting to three months' pay, as recommended by the Survey Commissioner. A register should be made of the names of such of the present incumbents as may be found competent for employment as taluk gumastas, or as shanbhogs under the new scheme when new offices are created, or in the place of those who die without issue, or whose heirs are otherwise disqualified for the office.

2. The emoluments of the offices now ordered to be abolished should be treated as a portion of the funds made available to meet the cost of the new scheme of remuneration of village servants.

3. Commissioners of Divisions are requested to report whether any supernumerary shanbhogs of the description referred to in this correspondence exist in the taluks of their respective Divisions.

H. WELLESLEY,

Offg. Secretary.

To
The Commissioner
Mudiyarag Du
Sir.

I have the honor to acknowledge the receipt of your despatch No. 72 of the 15th Instant, forwarding for report the proceedings of the ¹⁸⁷ 187th No. 72 of the 6th Idem, giving over to a petition from the ryots of the Gudimunda P. comm-
plaining of the oppression they are sub-
jected to by there being two Thanas,
one thal or local and the other thal,
for one and the same village, and praying
that one of the appointments may be
abolished, leaving only one Thana for
each village -

2. In reply, they state that the re-
quest of the Ryots is a very reasonable
one, and if their prayer be acceded
to,

to, it will not only relieve them of the (54)
apprehension complained of, but would
also remove the evils of divided re-
sponsibility, the stall or local and
Lirdar Chaudhys, shirking work
and blaming each other whenever any
neglect of duty or fraud is brought to notice.
This extra, established head of household,
exists not only in Gudibunda, but also in
other taluqs of this and other Districts
of the Province which formed Patna in
former days, and the object of the Poly-
-gars, in appointing Lirdar Chaudhys,
appears to have been to exercise some
check over the stall Chaudhys, especially
with regard to Battagee cultivation where
there is much room for speculation. As
the Battagee tenure no longer exists in
Littla Saluwa, and is gradually dis-
-appearing in the unsettled Saluwa
also, the time, I think has now arrived
when some modification in the old
arrangement

(58) arrangement may safely be made. The
measure ~~which~~ I would propose is
that whenever the same clan and thikar
Thanday hold the Office of Thanday
of several villages jointly, the villages
may be divided between them with
reference to the emoluments enjoyed by
each, thereby holding one party re-
sponsible for the villages allotted to him.
I adopted this arrangement in several
instances, when I was in charge of the
Muttidroog, &c. and it has long been
my wish to carry it out here also, but
as it has been ordered that the position
of the village establishment, should be
kept to the Survey Department, the
matter has been left in abeyance.
4. In the Survey Office, Memo. No. 4235
of the 16th Instant, received by me this morn-
ning direct, forwarding a similar petition
from the, ryots of Chit Ballapur, Chitla
ghatta, Chitla & Gumna & Chitla

Delaware, it is directed that the petition
referred to on the petition may to some
extent be removed with, where necessary,
and they to be referred to the
Jan. to understand by this that the
revision of the Standard Edition has not
may be made without waiting for the
Turner, and if so, whether the arrange-
ment proposed by me may be carried out.

N. C. 492.

Mundicbrook Division
Commissioner's Office
Bangalore 19th January, 1877.

To

The Secretary to the
Chief Commissioner
of Mysore.

Sir

In returning the petition with its two
clauses from Rameshchandra's Channoy
of Hahavara and certain other vil-
lage in the Chikballapur Taluk the
petition with your official Memo
number No 382 of the 10th instants, I
have the honor to submit the following
report of the case.

II The Petitioner is the Channian
bagge, and Chikballapur is the Chikar
or Chik Channoy of the marginal
noted of villages in the Chikballapur
Taluk. A dispute having arisen between
these two Channoyes regarding the
enjoyment of certain lands, the matter
was referred for enquiry to Mr. Assistant
Commissioner in Chikballapur, who re-
ported to the Deputy Commissioner
that

1. Hahavara
2. Gantigannakatti
3. Rutehankatti
4. Kalyanankatti
5. Doodankatti
6. Koorobhankatti
7. Jadaiahankatti

that the Merasas enjoyed by the petitioner
and Venkatasayapaiah, was, as shown
in the Enrolment Register of 1857
Rupus 12-10-5, and Rupus 20-5-0
respectively, he also owns Inam land
valued at 8 Pagodas and 4 Fanams
which is equally enjoyed by both
the Shambhogs.

III. Mr Karnaiah further collected
the Deputy Commissioner's order to an
apportionment of the village son
saying $\frac{1}{5}$ th of the whole Merasas and
Inam land to the petitioner and $\frac{4}{5}$ th to
Venkatasayapaiah, the arrangement being
equivalent to the Merasas ~~to~~ enjoyed
by them heretofore.

IV Mr K. S. Mungar had the parties
before him, and considering the papers
connected with the dispute, held that the
petitioner had entered a high figure as
his share of Merasas in the Enrolment
Register, but as he was not getting correct
from the Register and ^{the} Inam land is equal-
ly enjoyed by both parties as admitted
by them, it seems equitable to allot the Meras-
as must also be equally divided between them
each individual conducting the duties of Shambhog
in

in villages allotted to him exclusively.

V. The Deputy Commissioner further observed that under any other arrangement the interference of two Chaudogues in a village would not only cause confusion in connection with the discharge of

Government duties but also he transferred to the Ryots. Accordingly he framed the villages into two groups as per margin group 1st was given to petitioner and 2nd to Subbarayappa.

VI. Petitioner Ramachandrar appeared to fill Petree against the above division of villages and that Officer passed the following order.

"The shares held by three Chaudogues respectively in the Siam lands is maintained by the best guide as regards the other Siam documents to which they were originally entitled, therefore as nearly as possible the Deputy Commissioner should so arrange as in dividing the villages to equalize their income from the Siam. He has instead raised the man who formerly had least Siam, and reduced the one who

who had most. A more equal division than this must be practicable and the arrangement should at once be modified and a more equal distribution of the Village should be carried out.

VII. On this 21st Krishnagar, revised the division of the Village as noted in the margin, and

recommended that a Rana chundrich would not consent to this division if should be proposed as the parties would not give their united consent to any settlement.	1. Katavara	34	2	10

would not give their united consent to any settlement.

VIII. Colonel Pearce signified his concurrence in the last mentioned arrangement adding that it was equitable.

IX. The Petitioner has however, again (on the 13th Village) put in a revised petition which I have recommended for Col. Pearce's disposal.

I have the honor to be, Sir,
Your most obedient servant.
